

# A few minutes of your time can save your life!

- **Avoid short cuts- never rush a job!**
- **Inspect your work area for hazards and remove hazards!**
- **Inspect tools and equipment before using!**
- **Always place ladders on firm areas and secure in place!**
- **Always wear your personal protective equipment- even if the job will take seconds to complete!**
- **Do not exceed speed limits!**
- **Replace machine guarding after maintenance work!**
- **Clean up spills or clutter on floors!**
- **Keep clear of equipment blind spots and pinch points!**

## Safe Today- Here Tomorrow!

Rockwood Casualty Insurance Company (Rockwood) may provide safety management services to its insureds in order to reduce the risk of loss that may lead to insurance claims. The information and advice we provide is not intended to include all possible safety measures and controls. Rockwood does not warrant that losses and claims will be avoided or mitigated if our recommendations are followed. The safety management services we provide do not relieve the insured of its own duties and obligations with regard to safety matters, nor does Rockwood guarantee to the insured or others that the insured's property and/or operations are safe, healthful, or in compliance with applicable laws, regulations or standards. The insured remains responsible for its own operations, safety practices and procedures and should consult with legal counsel and safety professionals, of its own choosing, as it deems appropriate.
